**Notice to Water Users  
2020 Dry Year Water Pool**

**May 19, 2020**

On May 13, 2020 the District Board authorized the District to offer up to 15,369 Acre-Feet of Dry Year Water Supply as an additional response to our local water needs. The **cost of this water supply is \$650.00 per Acre-Foot** and can be scheduled for delivery within the District for this year or carried over to next year or stored under a landowner banking account. Please note, that if your intent is to carryover this supply to next year there is a risk that this supply may be lost in the event San Luis Reservoir spills. The District will work with you to mitigate this risk should such an event occur.

This water supply is restricted to use within the District and is only available to water users within the District that are in good standing. If the water supply is to be used for irrigation this year, the purchaser must have an operable District turnout. This water supply is not transferable.

Water users may request any quantity of water up to 15,369 Acre-Feet.

If you are interested in participating in this water program, please complete the attached subscription form and **return to the District Dispatch office** as soon as possible. Subscription forms can be mailed to the District Office, e-mailed to [mail@semitropic.com](mailto:mail@semitropic.com), or faxed to (661) 758-3219.

Subscription forms must be submitted to the District **no later than 5pm June 4, 2020.**

**Subscription forms will be considered on a first come first serve basis.** Therefore, it is in your best interest to submit your form directly to the Dispatch office such that it can be time stamped.

Subscription forms received after 5 pm on June 4, 2020 will only be considered if the total of subscriptions received prior to June 4, 2020 at 5pm sum to less than 15,369 Acre-Feet.

If subscriptions received before 5 pm June 4, 2020 exceed 15,369 Acre-Feet, the District will do its best to allocate the limited supply equitably with the **final allocations being determined at the June 10, 2020 Board Meeting.**

After the June 10, 2020 Board meeting, participating water users will receive a Notice of Allocation.

Landowners who receive an allocation of water under this dry year program **must submit full payment to the District within 10-business days of the Notice of Allocation.** Your allocation will be forfeited if payment is not received within 10 business days after the Notice of Allocation.

If you have any questions, contact Jason Gianquinto or Becky Ortiz at (661) 758-5113.

Thank you,

Jason Gianquinto  
General Manager
